OFFICE OF PETITIONS

In re Application of :
Abhinav Aggarwal :
Application No. 10/735,333 :
Filed: December 12, 2003 : ON PETITION
Title: SYSTEM AND METHOD FOR :
UNIVERSAL IDENTIFICATION OF :
BIOLOGICAL HUMANS :

This is in response to the "Petition to Revive an Abandoned Application," filed February 1, 2006, which is being treated as a Petition for Revival of an Application for Patent Abandoned Unintentionally Under 37 CFR 1.137(b).

The petition is dismissed.

The petition under 37 CFR 1.137(b) will not be treated on its merits, but rather will remain in the file until the United States Patent and Trademark Office (Office) receives a renewed petition under 37 CFR 1.137(b), as well as the payment of the requisite petition fee of \$750.00 for a small entity, the amount due on the filing of the petition.¹

The Office notes:

35 U.S.C. 41(a)(7) provides that a petition for the revival of an unintentionally abandoned application or for the unintentionally delayed payment of the issue fee must be accompanied by the petition fee set forth in 37 CFR

¹A review of the USPTO finance records reveals that petitioner did not pay a petition fee on filing the present petition.

1.17(m), unless the petition is filed under 35 U.S.C. 133 or 151 (on the basis of unavoidable delay), in which case the fee is set forth in 37 CFR 1.17(l). Thus, unless the circumstances warrant the withdrawal of the holding of abandonment (i.e., it is determined that the application is not properly held abandoned), the payment of a petition fee to obtain the revival of an abandoned application is a statutory prerequisite to revival of the abandoned application, and cannot be waived.

In addition, the phrase "[o]n filing" in 35 U.S.C. 41(a)(7) means that the petition fee is required for the filing (and not merely the grant) of a petition under 37 CFR 1.137. See H.R. Rep. No. 542, 97th Cong., 2d Sess. 6 (1982), reprinted in 1982 U.S.C.C.A.N. 770 ("[t]he fees set forth in this section are due on filing the petition"). Therefore, the Office: (A) will not refund the petition fee required by 37 CFR 1.17(l) or 1.17(m), regardless of whether the petition under 37 CFR 1.137 is dismissed or denied; and (B) **will not reach the merits of any petition under 37 CFR 1.137 lacking the requisite petition fee.**

MPEP 711.03(c)(III)(B) (emphasis added).

Accordingly, the Office lacks the discretion to, and will not, address the merits of any petition seeking revival of an abandoned application in the absence of the payment of the petition fee required by statute. In this regard, this application is properly considered abandoned by operation of 35 USC § 133 for failure to prosecute.

A request for reconsideration must be submitted within TWO (2) MONTHS from the mail date of this decision. Extensions of time under 37 CFR 1.136(a) are permitted. The reconsideration request should include a cover letter entitled "Renewed Petition under 37 CFR 1.137(b)." The appropriate form is enclosed for applicant's convenience.

The Office reminds applicant of the requirements set forth in 37 CFR 1.72(b) as stated below:

A brief abstract of the technical disclosure in the specification must commence on a separate sheet, preferably following the claims, under the heading

"Abstract " or "Abstract of the Disclosure." The sheet or sheets presenting the abstract may not include other parts of the application or other material. The abstract in an application filed under 35 U.S.C. 111 may not exceed 150 words in length. The purpose of the abstract is to enable the United States Patent and Trademark Office and the public generally to determine quickly from a cursory inspection the nature and gist of the technical disclosure.

With the renewed petition under 37 CFR 1.137(b), applicant may supplement his previous response to the Notice to File Corrected Application Papers if he so desires.

WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent.
